

MYSA Age Mandate - SSP Transition

- MYSA is requiring us to implement this for the Fall 2016.
- SSPYSA Transition Policies
 - Starting in the Fall 2016 (for Summer 2017 teams), for U13 and older (large field), we will “grandfather” players that were registered in the SSPYSA in the Summer of 2016 by removing locking positions and would allow players to play “up” as long as they make the team (top 15-18 players, roster size can vary).
 - Players not registered with SSPYSA in the Summer 2016 would have to follow all previous rules including locking positions if playing up.
 - This “grandfather” clause will move up each year (e.g. it will apply to U14 in 2017, U15 in 2018, etc.) until it phases out in 2021.
 - Tryouts for the current U9-U12 will follow all previous tryout and locking policies. The MYSA Age Mandate will be followed.
 - If a player was on a U13 or older team during the Summer of 2016, they will have the option of trying out for both the two age groups above.
 - Older players on the Summer 2016 U12 teams (August-December birthdays) will follow the MYSA age mandate and will have to tryout for the U14 team in the Fall of 2016.
